

I was appalled to hear of Sinclair Broadcasting's decision to FORCE their stations to air an anti-Kerry documentary days before the election.

American soldiers are losing their lives in Iraq and elsewhere so that free elections can be held and democratic principles established. For too long, truth was held hostage by the powerful entities in those countries and choice denied to the people.

Biased propaganda masquerading as factual news is not what our free press is about! To make matters worse, Sinclair uses the public airwaves free of charge. Aren't these companies obligated by law to serve the public interest?

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
